- LEGEND**
- Extents of Excavation with Approximate Depth
 - A3-SIDE18** ● Confirmation Soil Sample
 - DG11-11** ● Historical Soil Sample (Removed)

- ABBREVIATIONS**
- PCBs = Polychlorinated Biphenyls
 - mg/kg = milligrams per kilograms
 - bgs = below ground surface
 - ' = Feet

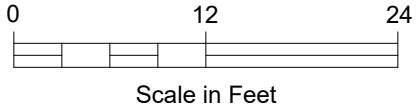

DRAFT

NOTES

- Locations and depths are approximate.
- Samples were analyzed for PCBs, copper, and gasoline range total petroleum hydrocarbons. Detected concentrations (mg/kg) in excess of screening levels are shown.
- Established project specific remediation level (mg/kg):
- Established project specific cleanup level (mg/kg):

Total PCB Aroclors	0.5
Copper	250

Gasoline	250
